What's important to me...

Kids, Grandkids & spending as much time as I can with them.

Seeing people achieve & helping to give them the confidence to believe in themselves.

Getting out in nature as much as possible – ideally with aforementioned kids/grandkids!

Reading & trying to learn more about myself and the world we live in.

Music (listening – still trying to play)

Football (watching these days – playing days long over!)

Finding moments of peace and quiet and some space on my own when I can.

How best to support me...

- Let me know you are there in case I need you.
- Give me time – I will get there!
- Tell me how you are getting on and how I can best support you.
- Remind me of the importance of work/life balance.
- Be open & honest with me.
