

# Graeme Taylor

## What people like and admire about me...

People find me funny.

I have a good sense of humour.

I am very conscientious and will go the extra mile for people.

Very patient and caring.

Always got time for a chat and listen to others.

## What's important to me...

I like nothing better than a long lazy lunch, well planned, well presented food and wine and very good company.

I drink coffee all day long and enjoy every cup!

My garden (weather permitting) and eating in it, surrounded by all it has to offer.

Walking to Berwickshire with my dog.

## How best to support me...

- Offer me a coffee.
- If there is a chocolate biscuit with it, that is really helpful!
- Courtesy and good humour are always helpful.
- Be clear and be prepared to explain it again (or differently) if I do not get it.
