get support**

Hi my name is Michael Connolly I'm a vice chairperson of the National Involvement Network. I'm on the NIN planning group and the NIN training group.

As a trainer I've been doing some work in North Ayrshire with Alice, promoting the charter and the NIN. We have been meeting with people who are now going to a new day service called Trindlemoss in Irvine.

I like meeting new people and having a chat. I want people to say "hi how are you?"

Hi my name is Tom I am involved in NIN meetings and I enjoy going to the meetings because I get involved in the debates that concern us.

Alice has helped me a lot I want to thank Alice because she is kind and caring. I did a presentation last year. I want to do more presentations.

Elizabeth's job

I recently started volunteer work at the Sue Ryder shop in Prestwick.

I go there on a Wednesday morning.

I do hanging and tagging clothes and sort the hangers out. I work with Pam and Aaron. I will get on the computer system and do training on the till.
