Tom is going to do a presentation at Glasgow concert hall.

4. Transport

Transport is a big issue for people. We talked about the problems people have and came up with ideas about what to do about it.

We decided to make a film in 2020. It will be to raise awareness about the issues people have.

5. What have we achieved?

We looked over what we had done this year. People said they really like the company at the meetings. They feel safe and can speak up and have their say.

People didn't think much needed to change. Some would like soup or something hot to eat. The meetings could be a little bit longer to give more time to chat.

6. Event Group

People who want to help plan an event on celebrating involvement next year include: Elizabeth, Tom, Colin, Caroline, Bobby, Mary.

7. Meetings next year

Next year we will focus on issues people raised. The issues are:

Bullying

Hate crime

Stress

Cuts

Relationships

Inclusion

Buses and trains

What people want from support staff

We will invite guest speakers.

Alice will try and arrange some meetings in South, East and North Ayrshire.
